

## Record a StoryCorps Interview from Anywhere

ARCHIVE YOUR STORY WITH THE **STORYCORPS APP** AND **STORYCORPS CONNECT**

With our free, self-directed recording tools, you can record a StoryCorps interview from home—or anywhere with an internet connection—with your choice of an in-person conversation or a remote interview, and the perfect partner.

The StoryCorps App is a great tool designed for participants recording inperson, while our remote recording platform, StoryCorps Connect, allows participants to record interviews virtually. Both tools allow you to record on your own without a StoryCorps facilitator, and upload your interview to the StoryCorps Online Archive, where it will be included in the StoryCorps App Collection in the American Folklife Center of the Library of Congress.

Not sure which is the right option for you? Learn more about the key differences below:

### STORYCORPS APP

- Download the StoryCorps App to your smartphone or tablet and create an account.
- Let the StoryCorps App guide you through planning your conversation with our Great Questions List.
- Sit down with a friend or loved one and record together in person.
